*** What is a "Rough Cut Movie"?**

We know you just can't wait to relive your awesome wedding, so that's why we came up with the "Rough Cut Movie" concept. We'll edit a short 8-10 minute story of your wedding day, starting from the Pre-Ceremony scenes where everyone is nervous, all the way through to the end, where your guests have loosened up and are having a great time!
You get to see this movie online **within 3 weeks** of your wedding day!

*** What is a Highlight Trailer?**

Highlight Trailers are unique music videos where we edit from 60-120 individual scenes to beautiful music. They capture the essence of your entire wedding day, all the way through the Pre-Ceremony, Ceremony and Reception. We put these Trailers online for all your friends and family to see, especially for those that weren't able to attend your wedding.

*** What is a Highlight Movie?**

With every video package you get a Documentary style video, which usually lasts from 1-2 hours – way too long for your friends to endure! However, even your closest friends will sit and watch a 15 minute edited video of your awesome wedding. That's what the Highlight Movie is! It's the best parts of your wedding, all in a short video. You'll absolutely love it! (And your friends will thank you for sparing them...) The difference between the "Rough Cut Movie" and the Highlight Movie is that we put a lot more time and effort into editing the Highlight Movie, incorporating more music and creativity.
