SCENECRAFTERS *wedding video*

*** What is a "First Dance Video"?**

Using your First Dance, we edit in scenes throughout your wedding day, from the pre-ceremony to the end of the reception. We put this video online so that you can share it with your friends and family.

*** What is a "Rough Cut Movie"?**

We know you just can't wait to relive your awesome wedding, so that's why we came up with the "Rough Cut Movie" concept. We'll edit a short 8-10 minute story of your wedding day, starting from the Pre-Ceremony scenes where everyone is nervous, all the way through to the end, where your guests have loosened up and are having a great time!

*** What is a "Highlight Trailer"?**

Highlight Trailers are unique music videos where we edit from 60-120 individual scenes to beautiful music. They capture the essence of your entire wedding day, all the way through the Pre-Ceremony, Ceremony and Reception. We put these Trailers online for all your friends and family to see, especially for those that weren't able to attend your wedding.
